## Important

In the previous year, you did exactly exercised your free will. Now, in Year 2023, you will explore new opportunities. So redirect your chariot of life. Here, Taurus the typical Bull – somewhat funny, too romantic and extremely stubborn, will be your guide.

The 2023 Taurus horoscope predicts that the trio of Saturn, Rahu and Jupiter will play an important role in your life though tough on you in the first quarter of the year. They will bring you abundant success mostly in love, career and money. The Sun may pose some career problems initially. Still, natives will benefit from business expansion. In the first quarter of the year, they must remain calm and quiet. Closeness to the family deserves priority. The strong ruling planet Venus may help you succeed in love and career.

Talking about love, Taurus people are not considered to be chasers and they will remain so this year too with a dim chances of finding love adding to loneliness and dejection. Dating is one way to overcome the grief but avoid getting involved with someone else too soon as you will meet many new people this year. In the second half of the year, Rahu can cause you to take up sudden business trips.

## Love Life

Venus, the lord of Taurus and flag bearer of love and romance will prevail in the life of a Taurus person throughout the year. Contrary your general tendency to attract others you will be attracted to someone you have known for a while. Taurus as you are will work hard dauntlessly. For those desiring to get married this year the last quarter will be the best.

The Taurus Yearly Love Horoscope 2023 is influenced by the movements of Mercury and Jupiter. Auspiciousness of these two planets will bring a pleasant effect on the marital relationship of the Taurus natives at the beginning of the year while newly weds may make a breakthrough start. According to the Taurus Love Forecast 2023, the strong influence of Rahu in the second quarter can bring marriage proposals from foreign lands. While the influence of the Sun can facilitate a spark between you and your dear friend culminating in marriage.

In a normal love relationship, you may feel dominated by your partner, to make choices for you in the first quarter. This will be something new but exciting for the Taurus people. There will be a lot of fun in love life but as a couple, you will be more excited to explore the world with each other provided don't let your professional life affect your marital relations with no room. You need to pay for doubts about each other. A strong impact of Mars can make your relationship bitter in April and May. So, make sure to maintain closeness, says the Taurus.

If still single, the Taurus Love Horoscope demands you to shorten your expectations and to normalcy. Rahu advises you to give up stubbornness and feel free to find love. The best time for you to find love is in the month of July and August. Also, the month of November will bring more opportunities in love life. While dating, look for someone you've known for a while or someone close to you preferably a colleague.

## **Income Prospects**

The Taurus Horoscope 2023 predicts complete fulfillment of your desire including money matters. You can explore several investment opportunities—including the stock market that will improve your finances in the years to come. Aggressive investment will cause losses. To make up for the predicted financial crunch at the year end you should save money.

For those who feel that they are inept in business or the stock market, Jupiter will shower fortune on them this year to help you take right and profitable investment decisions even though, Saturn points to some unregrettable expenses in the month of March and April confined to necessities or leisure. The Taurus man really likes to keep his money close to his heart. From a financial standpoint, it's always a good idea to find safe options for fundraising through investment.

The Taurus Finance Horoscope 2023 predicts some petty expenses after April. Expenses on health will remain low thanks to kind position of Jupiter. Avoid any aggressive or quick decisions about investment. It will be in your best interest to involve your spouse in your financial decisions. Since Taurus is often attracted to luxury and ambitions to have everything in life. This spirit will prevail you in the month of June and July. Avoid to incur heavy expenditure to save for travel and family.

With a loan to repay, you may need to consider several options this year. If you want to take a loan this year, then the month of September and October are ideal. A good time to take a loan for business is during the month of October and November. While a vehicle loan may be taken at any time of the year.

Those studying abroad will have to pay more this year. Weddings and even a small celebration can add to your expenses in the last quarter of the year. Although the financial horoscope of Taurus predicts a normal financial scenario you should spend conservatively.

## Career

Taurus people are rich in luxuries and money is a means for them to get everything they want. That's why his career is very dear to him. According to the Taurus Horoscope 2023, the year 2022 has been very fortunate in terms of career building.

The trio of Saturn, Rahu and Jupiter will play a major role in enhancing your career this year. Strong presence of the planet Saturn representing responsibility, hard work and determination in your chart will help bring out these qualities from within you. Avoid negative thoughts about your work or progress to get the best results of Shani. Also, the planet Sun will help you interact with people belonging to the field conducive to progress in your career. The first two quarters of the year will benefit you in terms of promotions and job changes.

Something significant in business is not expected in the beginning of the year. Progress will be slow initially due to the unfavourable position of the Sun in the trading chart, but it will look up by the end of March. According to Taurus Horoscope, March to September is a good time for business expansion in 2023. October is not an opportune time to make any changes to your plan, especially in a family business. To achieve expected business goals you will require new strategies and tactics.

As your dominant planet is Venus, you have a creative side that you need to explore and utilize. Try something different this year. A dominant Sun with Venus will help you make new friends and contacts in the online world from whom you can learn considerably.

Job seekers or job switchers will get plenty of opportunities in the initial months of the year. Initially you do face some difficulties in finding a job but gradually things will get better. Positive effect of Rahu prompts you to look for jobs outside your state.

## Family

Taurus people are obstinate by nature. This is what they realize as parent when complaining that their Taurus child is not giving them

proper attention. So like any other year, this year too, you may not enjoy connected familial harmony. Due to strong influence of the Sun your relationship with your brother might be a little acrimonious, but under control.

Also, from the family point of view, the beginning of the year will be auspicious. Your achievement will get full support of all the family members for the next part of the journey. If planning to buy a house to relocate, the period from mid-February to March is ideal.

There is a need to take special care of the health of the family members. Do not let the family members especially your parents take any kind of stress. Try not to be aggressive with them and create a positive atmosphere. Also, if possible, help your parents interact with your old friends as the latter will take care of them when you're not around.

You have always been wary to control your child's craving for toys and digital devices. However, as a parent, you cannot deprive them of their curiosity and digital enjoyment, but excessive screen time will certainly add to their mental strain due to Mars in the fourth house in the middle of the year. So, instead of making them to sit idle, try to bond with them by engaging them in simple games.

## **Health**

You will remain hale and hearty. Health is something that will stay with you in 2023 shedding away the past effects of ill health. Those using a medicine will get better results from the beginning of the year. However, the mental health of Taurus people is still sluggish causing you stress and fatigue which persist throughout the year. Luckily, despite the mental anguish, you can evolve creative ideas for both your personal and professional endeavours.

According to Taurus Horoscope 2023, the elderly will witness no change in their health though it will not deteriorate. By the mid-year, Taurus people, over generations, need to be a little more attentive to

their health. During this period responsibilities will render you too helpless to duly attend to your health. Lack of knowledge will spoil your relationship with your family that you may overcome through yoga or taking a regular morning walk.

By the end of the year, you need to take special care of your skin and eyes by cutting down on your screen time, particularly if you are diabetic. Take regular walks and focus on a healthy diet. Keep kids away from gadgets. In 2023, you are advised to stay calm and composed for necessary confidence to move ahead in life.

## Marriage

A strong Sun or Venus favours marriage in 2023. Hence, a gloomy marital relationship will stabilize in due course. Differences will be completely resolved by mid-March. An outing or a dinner date with your partner to bring back the spark in your relationship. A delay in resolving your marital differences now will cause you mental stress.

Delayed marriage or fresh proposals will be favoured by Jupiter in the initial months of the year making the chances of getting married are high. You have to be crazy to be arrogant and whimsical to find someone worthy. The first two quarters of the year will be favourable in terms of finding a partner. So, make a simple approach to whom you have feeling for. A strong Venus from March to May supports proposing marriage to someone and finally tie the knot by the end of the year.

The marriage of the native may get affected due to the shadow planet Ketu in the latter part of the year. Mars can also heighten the tension between you and your spouse. It needs a gentle and congenial response on your part. A rift happen between you and in-laws in the month of August. However, fortunately, a divorced Taurus will get opportunities to find love again during this period.

If planning to have a child in 2023, the month of April, August, September and November will suit the most. Avoid a decision regarding a child from March to the first week of April. Try to motivate a Taurus child to pursue a career in sport to keep healthy in 2023.
